

Universe 80/168

The **Universe 80/168** is the ideal mobile steam cleaner for tackling heavy duty industrial cleaning applications. Delivering both excellent Dry Steam and powerful Highly Saturated Steam, it easily removes lubricants, oil, graphite, hard grease and stubborn dirt from equipment and plant machinery. Diesel driven with innovative steam delivering technology, it is fitted with an ergonomic heavy duty pistol grip which allows direct remote and immediate control of both steam output and detergent facility if required. Equipped with a range of industrial accessories and with three detergent output levels, it provides the user with unrivalled steam power for the toughest applications in a wide variety of industry sectors. With the superb steam volume generated and its low water consumption it offers a truly environmentally friendly alternative in many cases to the traditional and water thirsty high pressure washers. Raising standards and improving results, the **Universe 80/168** is a true cost effective industrial cleaning machine. OspreyDeepclean, unleashing the power of steam.
